ABOUT US

BDS group is one of the most reputed trading companies in Nepal, with over two decades of presence in the market. The company is involved in the sourcing and distribution of various machinery and hardware products imported from India and China. Our group boasts of having a rich umbrella of brands under its arms and is simultaneously looking for opportunities to expand and strengthen.

In Nepal, the BDS group is the authorized distributor for brands like Kirloskar, Greaves, NVR and Smith hand tools, Ashoka and Sona concrete mixture, Aditya wood workings, Anil wood saw and many more. Our group has also had the satisfaction of being the sole distributor of widespread brands like Oswal Pumps and Motors, Libang, Max and Super Max power tools, Ravindra welding machines, and Star and Advance Abrasives. We have also expanded our branches to other well-renowned Indian and Chinese companies. It has further aided our brand's trademark and bolstered its popularity.

From a world-class supplier base to a handsome local distribution network, BDS group believes in delivering the best business practices to its stakeholders. Its transactions are spreading all over Nepal, and more than 100 energetic staff are working under our group. Constant technological upgradation and product innovation have been instrumental in raising the local market for the products we source. The advancement of the emerging trends has made our group relevant even after two decades in the business. BDS group is further scouting for potential business ventures and associations while exploring various business growth and development to serve its customers.

● VISION

We envision a technologically advanced society

● MISSION

To serve an exemplary trend towards advancing our country, while aiding its people by introducing advanced technology in the most cost-effective way from the global market.

● GOAL

- To uplift the lower economic class by introducing affordable means to initiate small-scale industries.
- To revive the agricultural field with advance machinery for its sustainability.
- To make the work faster with the minimization of quality proneness in construction.

Model	170F
Max. Power	7HP
Fuel Type	Gasoline
Gear Shifting	2 Forward: Fast and Slow / 1 Reverse Neutral
Transmission	Gear Drive
Blades	24 Pcs Dry Land Blades

Model	177F
Max. Power	9HP
Fuel Type	Gasoline
Gear Shifting	2 Forward: Fast and Slow / 1 Reverse Neutral
Transmission	Gear Drive
Blades	32 Pcs Dry Land Blades

Model	173F
Max. Power	6HP
Fuel Type	Diesel
Gear Shifting	2 Forward: Fast and Slow / 1 Reverse Neutral
Transmission	Gear Drive
Blades	24 Pcs Dry Land Blades

Model	178F
Max. Power	7HP
Fuel Type	Diesel
Gear Shifting	2 Forward: Fast and Slow / 1 Reverse Neutral
Transmission	Gear Drive
Blades	32 Pcs Dry Land Blades

Model	186F
Max. Power	9HP
Fuel Type	Diesel
Gear Shifting	2 Forward: Fast and Slow / 1 Reverse Neutral
Transmission	Gear Drive
Blades	40 Pcs Dry Land Blades

Model	170F
Max. Power	7HP
Fuel Type	Gasoline
Gear Shifting	2 Forward: Fast and Slow / 1 Reverse Neutral
Transmission	Belt Drive
Blades	24 Pcs Dry Land Blades
